

Case No.: 107/CD/19

It appears that though a file was opened in the year 2019 with regard to the custodial death of UTP Binod Soren but the cognizance was not taken by WBHRC.

It further appears that cognizance was taken by NHRC in this matter and several reports were ~~reach~~ sent there by different Authorities and the case has already been reached at the final stage.

However, the Judicial Enquiry Report has been sent to WBHRC instead of NHRC which is lying with this file.

The case details of NHRC are attached with this file for ^{kind} perusal of the Hon'ble Member (A).

In the circumstances as stated above there is an urgent necessity of ~~closure for~~ passing an order of closure of this matter from the end of WBHRC so that the Judicial Enquiry

Report may be transmitted to NHRC

without any further delay.

First time file filed to me on 24/9/2020
NHRC mistaken log on 18/9/19 hence matter held
