

Date: 23/04/2021

The report of Dy. Secretary, Health and Family Welfare Department is self evident. Shortage of the medicine at RIO is caused due to high cost (Rs. 19604/- per dose) be time taken for approved suppliers to supply the same. However, situation is rectified now. Be filed.

NB: Personally I know in pvt. Hospitals, they are charging in a package of Rs. 50,000 /- for each dose.
