

20.09.2021

The news item that the sound of the DG box prevented the pedestrians from noticing that the locomotive was following them was upon enquiry found incorrect by the police. According to the report dated fifth of May 2021 prepared by the SDPO and communicated by the SP under the cover of his letter dated 7 May 2021 there was no DJ box playing as alleged in the newspaper. In those circumstances the matter is dropped. Ld registrar is directed to upload the order.
