The matter was discussed.

From the complaint lodged and the report filed by the police, the allegation, that the police entered into the house of the complainant at 11:30 p.m. in the night by scaling the boundary wall, appears to have been admitted. This by itself was an illegal act. The matter requires deeper enquiry. Investigating Wing of the Commission is therefore directed to have an enquiry made to ascertain the actual state of affairs. Let a preliminary report be filed by 5th June, 2017.

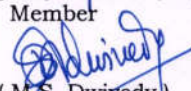

Order be uploaded in the website.
