Discussed

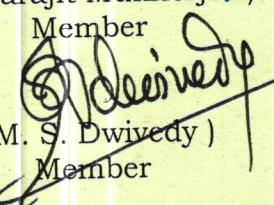

On 5th May, 2017 the Commission took suo motu cognizance on the basis of the news item published by the 'Statesman' under the caption "Students taken ill after eating mid-day meal". The District Inspector of Schools, Murshidabad was directed to submit a report. A report dated 9th June, 2017 has been received stating that "I am of the opinion that a few students felt sick probably due to gastro ailment after taking the Cooked Mid-day Meal and that have been triggered of a panic to them leading to the admission to the Murshidabad Medical College, Berhampore". The report was discussed in the Full Bench of the Commission. The Commission is of the opinion that the opinion expressed by the District Inspector of Schools, Murshidabad does not have any scientific basis. It is mere a guess work.

The State is endeavoring to provide nutrition to the school going children. If such an incident is overlooked on the basis of conjectures the endeavour of the State to provide nutritious food is bound to fail. The Commission, as such is of the opinion that the District Magistrate, Murshidabad should have the matter enquired into with all graveness and sincerity as the situation demands. Needless to mention that the enquiry should be conducted by an Officer not below the rank of Addl. D.M., and a report be furnished by 10th October, 2017.
