Suo Motu cognizance was taken by the Commission on the basis of a report published in Eaisamay dated 26th May, 2017 under the caption 'সুরক্ষা বর্ম ছাড়াই পথে মহিলা পুলিশ'. The Commission had the matter probed into by its Investigation Wing and thereafter a report from the Commissioner of Police was called for which has since been received. The material part of the report dated 27.07.17 reads as follows:

"There is no question of any gender discrimination as regards supplying of protective gears. At time, the lady police personnel themselves do not feel comfortable wearing the customary gears and they are given the choice of not sporting them. Some, however, do wear the gears as and when required."

The matter has been considered in the Full Bench of the Commission. Considering that the lady Police Officer including the Constables are themselves unwilling to use the protective gears provided to them. There is no question of human rights violation. The matter is thus disposed of.

Ld. Registrar, WBHRC is directed to upload the order in the website.
