On 30.06.18 and 01.07.18 two news <sup>items</sup> were published in "Ananda Bazar Patrika" with regard to the ~~sp~~ illegal activities of some persons who were <sup>actually</sup> controlling the admission of the students in the respective colleges in terms of money.

The Honble Commission took cognizance and a report was called for from the Principal Secretary, Higher Education Dept.

On 20.09.18, a report was forwarded which was tagged with the file only on 19.12.18. It appears that the said report is related to the news published on 30.06.18 with regard to the incidents happened in Surendranath College and Gurudas College.

It is reported that during enquiry a team of officers from the Education Directorate probed into the matter physically inspecting the two colleges on 02.07.18. They verified all documents regarding admissions and found no irregularities in the process. The Principal, Surendranath College submitted that no incident like what had been reported in the newspaper occurred within the college premises and the college authority had nothing to do with incidents that might have taken place outside the college premises. The Principal, Gurudas College, submitted that the news report was fake and baseless and manufactured to malign their esteemed institution. She denied the allegation stated in the report that a candidate who ranked 68<sup>th</sup> in Zoology in general merit was not allowed to enter <sup>into</sup> the college premises for taking admission and she confirmed that the same candidate did take admission on 22.06.18. The said candidate also corroborated the fact in writing and denied any harassment of herself and her family members by any person in the process.

It is further reported that from scrutiny of all the available documents and inspection at the two colleges, it is evident that no irregularities took place in the process of admission in the two colleges as reported in the newspaper.

Submitted.
