

Date: 12. 08. 2020.

Ld. Registrar, WBHRC in consultation with the ADG, WBHRC is directed to ascertain the actual facts from the concerned S.P. together with copies of the relevant records including the statement of the accused woman,, if recorded so that the Commission may consider desirability of intervening in the matter.

The report that the woman killed her new born baby because of starvation is shocking from the human rights point of view and the matter calls for a deeper study.
